# **ATTORNEY'S REPORT**

**Pine Tree Water  
Control District**

**MEMORANDUM**

**DATE** August 31, 2016

**TO:** TANYA QUICKEL, DISTRICT ADMINISTRATOR

**FROM:** JEFFREY S. KURTZ, ATTORNEY FOR PTWCD

**CC:** BOARD OF SUPERVISORS OF PINE TREE WATER CONTROL DISTRICT  
BOB HIGGINS, DISTRICT ENGINEER

**RE:** SFWMD Information

---

The South Florida Water Management District (SFWMD) held their Governing Board Meeting on August 11, 2016. Their agenda included their Fiscal Year 20162017 Tentative Budget Update. The presentation is attached. Please see page 6 of the presentation, Item #7.

Also, the link below goes to their website recording of the meeting:  
<http://my.sfwmd.gov/webapps/publicMeetings/viewFile/10027>

In the video, please go to 1:37:34 (1 hour, 37 minutes, 34 seconds), where Item #7 of the presentation is discussed.

The summary of this item is that the SFWMD FY 2017 Tentative Budget includes removing of funding for Chapter 298 District non ad-valorem assessments previously paid. Their position discussed by their Executive Director is that SFWMD is taking the position to exercise their governmental immunity from taxation.

Mr. Kurtz and Ms. Quickel are attending the upcoming September 8, 2016 Governing Board Meeting where they are holding their FY 2017 Tentative Millage & Budget Public Hearing. Their Final Millage & Budget Public Hearing is scheduled for September 20, 2016.

This information is brought forward as advisement of the potential ramifications resulting from their non-payment of the PTWCD assessment of \$49,100. PTWCD has Fund Balance of \$166,117 as of September 30, 2015. This is not projected to change significantly for the upcoming September 30, 2016 fiscal year end.

Staff is seeking direction regarding this potential change.

# **PINE TREE WATER CONTROL DISTRICT AMENDED BUDGET FOR FY 2017 and PROPOSED FY2018**

## **REVENUES**

Rustic Ranch Assessment (PAM)  
Agricultural Assessment (PBM)  
Water Management (PCM)  
Less collection allowance (5%)  
Use of Reserves

## **Total Revenues**

## **EXPENDITURES**

Canal weed control  
Drainage improvements and maintenance  
Swale mowing  
Supervisor meeting fees  
Engineering and Legal  
Administrative cost

## **Total Operating Expenditures**

  - Budget Predicates
  - Reserves 5-Year Spend down Plan
  - Budget Highlights
  - Next Steps

# Revenue Comparison

## Fiscal Year 2015-16 Adopted Budget \$749,588,483

## Fiscal Year 2016-17 Proposed Budget \$726,245,976

# Expenditure Comparison

## Fiscal Year 2015-16 Adopted Budget \$749,588,483

## Fiscal Year 2016-17 Proposed Budget \$726,245,976

## Cost Avoidance and Initiatives Estimate

|   |                                                                                                                                                                                                                                                                                        |              |
|---|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------|
| 1 | Current 2016 Budget Year Personnel One-Time Savings<br>- Savings from holding vacant positions open at full budgeted authority of 1530 complement.                                                                                                                                     | \$ 6,700,000 |
| 2 | Current 2016 Budget Year One-Time Savings for New Works Projects Operations<br>- These savings are due to L-8 FEB not being fully operational for the entire year as well as Site 1 not being transferred from the USACE to the District as planned in the 2016 budget.                | \$1,100,000  |
| 3 | 2017 Budget Year Personnel Recurring Savings<br>- With a reduction of staff complement to 1475 positions.                                                                                                                                                                              | \$7,100,000  |
| 4 | Debt Service Interest Payment Reduction Payment<br>- 2017 Debt service payment due to refinancing is \$3.1M less than the 2016 payment.<br>- \$1M of Certificates of Participation (COPS) Proceeds Unused Balance that supplements the Ad Valorem budget for the debt service payment. | \$4,100,000  |
| 5 | 2017 Budget Year Operations & Maintenance of 2016 New Works on Line                                                                                                                                                                                                                    | \$1,300,000  |

## Cost Avoidance and Initiatives Estimate - Continued

|    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |            |
|----|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------|
| 6  | Property, Crime And Property Insurance Premium Reductions Due to Change in Deductible                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               | \$46,000   |
| 7  | 298 Districts "Tax" Payments                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        | \$800,000  |
| 8  | Managers Health Insurance Participation<br>- Currently 88 managers are not contributing and the District is funding 100% of their premiums. The proposal is for managers to pay the premiums amount paid by State senior managers.                                                                                                                                                                                                                                                                                                                                                                                                                  | \$170,000  |
| 9  | Discontinue the Retiree 2% Subsidy<br>- Proposal to eliminate the 2% subsidy that the District is funding for employees that retired between 2007-2011. The \$275,000 represents implementation for January 2017-September 2017. Full budget year is estimated at \$370,000.                                                                                                                                                                                                                                                                                                                                                                        | \$ 275,000 |
| 10 | Retiree Health Insurance Participation at Full Cost<br>- Overall the District is subsidizing 271 retirees' and 134 dependents medical insurance premiums in addition to the 2% subsidy. The District has no obligation to subsidize retiree's premiums. The only obligation the District has is to provide access for retirees to the same medical insurance as regular employees. This proposal is for retirees to pay their full medical insurance premiums. The \$676,000 represents implementation for January 2017-September 2017. Full budget year is estimated at \$1,000,000. Non-Management employees will pay premiums at current levels. | \$ 676,000 |

## Cost Avoidance and Initiatives Estimate - Continued

|    |                                                                                                                                                                                         |              |
|----|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------|
| 11 | <b>Eliminate Retiree Life Insurance Subsidy.</b><br>- Currently the District is paying retirees' life insurance premiums. Proposal is for retirees to pay their life insurance premium. | \$ 27,000    |
| 12 | <b>Pre-employment Physicals</b><br>- Specified labor force staff will require physicals. All other staff will not.                                                                      | \$14,000     |
| 13 | <b>Reduction in Fleet &amp; Surplus Sales - 40 Vehicles &amp; 10 Airboats</b><br>- 40 vehicles and 10 Airboats will go to auction and will not be replaced.                             | \$ 1,650,000 |

# Income Initiatives Estimate

|   |                                                                                                                                  |             |
|---|----------------------------------------------------------------------------------------------------------------------------------|-------------|
| 1 | Amend Investment Strategy                                                                                                        | \$1,000,000 |
| 2 | Environmental Resource Permit Revenues<br>- Staff reviewed a 3 year trend of revenues and estimate an increase in permit income. | \$ 170,000  |
| 3 | Leasing Space to PBSO<br>- 2017 will be 150,000 for May - September. A full year will yield \$360,000                            | \$ 150,000  |
| 4 | Day Care Lease                                                                                                                   | \$ 101,000  |
| 5 | Radio Towers Sub-Lease Rental (estimate)                                                                                         | \$ 200,000  |

## Reserves Summary - \$306.3 million

- The next couple of slides provides a line item list of the reserves without restrictions and with restrictions.
- The reserves without restriction (\$153.7 million) is broken out into “existing” and “proposed”.
- The “existing” are projects that have been on the reserves spend down plan. The “proposed” are new proposed usages of the additional reserves.
- There remains a \$21 million “future project” balance available for allocation.
- The reserves with restrictions (\$152.6 million) are detailed out according to their allowable usages. This includes the \$60 million hurricane/emergency reserve that will be reallocated yearly and remain available, if not used.
- All reserves are subject to amendment based on Governing Board decisions.

# SOUTH FLORIDA WATER MANAGEMENT DISTRICT

## Reserves Spend Down Summary Without Restrictions - \$153.7 Million

## Fiscal Year 2016-17 Proposed Budget Highlights

- \$16 million in Recurring budget pertaining to supporting budget stability:
  - \$2.3 million ad valorem increase in new construction growth is funding Restoration Strategies projects.
  - \$6 million in the recurring budget for Operations to cover new structures that have come on-line fully or partially in this fiscal year 2015-16. These new structures had been funded out of the reserves in the fiscal year 2015-16 budget.
  - \$1 million to O&M for heavy equipment replacement in the recurring budget. O&M has not had recurring heavy equipment monies since 2010.
  - \$2 million to support the fiscal year 2015-16 merit base pay increase as a recurring expense.
  - \$2 million for staff bonuses from recurring funds.
  - \$2 million for the personnel budget at 100% versus 98%.
  - \$700,000 of land management has been funded from the recurring budget versus out of the lease revenue reserves.
  - \$200,000 funded from the recurring budget in support of the leasing and surplus land activities such as appraisals, fence replacements, versus the reserves.

## **Fiscal Year 2016-17 Proposed Budget Highlights - Continued**

- **\$31 million reserves allocated from the Preliminary to Proposed budget:**
  - **\$12 million over the next 4 years (Fiscal Years 2018-2021) has been allocated for future years to cover the Operations, Maintenance and Monitoring requirement of new structures coming on line such as C-44 STA, PS & Reservoir, C-43, BBCW L-31E Flowway, BCWPA C-11 Impoundment & Mitigation area, Lakeside Ranch Ph2, Picayune Strand Faka Union, Miller Pump Stations, STA-1WX etc....**
  - **\$7.5 million to continue construction on Lakeside Ranch STA Phase 2.**
  - **\$7 million in support of C-111 (\$4M for S-199/S-200 increase in pump capacity and \$3M for C-111 South Dade study).**
  - **\$1 million for O&M Heavy Equipment.**
  - **\$2 million for IRL project council (\$500K a year for the remaining 4 years of the commitment).**
  - **\$1.2 million for future land management due to the estimated decrease in lease revenues and certain lease reserves running out.**

## Next Steps

- **August 17**
  - Legislative briefing presentation
- **August 25**
  - Big Cypress Basin millage rate and budget finalized
- **September 5**
  - Comments due on tentative submission
- **September 8**
  - Public hearing to adopt tentative millage rates, budget and ag privilege tax roll
- **September 20**
  - Public hearing to adopt final millage rates and budget
  - Submit final budget to Governor, Legislature and DEP.
